

Market Day Chairs welcome you to the 2009-2010 school year!

Dear Parents,

Welcome to a new school year! Once again IHM-St. Casimir School will be a Market Day school. This great fundraiser has been beneficial to our school for many years and we are looking forward to another good year. Profits from these sales go into the general operating budget of the school and we all win!

This year we have two parent volunteers who are sharing the job of Chairperson: Mary Dershem, 485-4651, and Mary Blair, 371-2637. The paperwork will continue to have Paulette Stump's name list for awhile (Thanks, Paulette, for your years of service!) but either Mary will be happy to answer any questions you have about Market Day. Or you can call Chris Wilcox, 482-7968, at the middle school during the day with any questions.

Market Day is a program that provides high-quality, convenient food that your family will love and a percentage of sales is returned to the school as profit. Monthly pick-up is generally a Saturday morning at the IHM, East-West Room, 10-11:00 a.m. A schedule of pick-up dates is also posted on this web site.

You are invited to join fellow IHM-St.Casimir families and give it a try! You will find the products tasty, quick to prepare and convenient for your busy family. It is very easy to order. Simply return the order sheet to school in your family envelope or go online at www.marketday.com to set up an account and place your order. Some advantages of placing your order online are: a wider variety of products are offered online; and clearance items are only available online.

If you have any questions or would like to volunteer to help with Market Day, please feel free to call one of our Chairs. Many middle school students have found that volunteering with this program has helped them to fulfill their service requirement and they really were filling a need!

Give Market Day a try! Try a couple item this month and you'll be excited to order more next month. The vegetables are better than any you can purchase at local grocers and the Chicken Steaks are their number one seller! You'll be glad you did!
