HONEYWELL INSTANT ALERT MESSAGE SYSTEM

In this week's IHM-St. Casimir School Family Envelopes there is a letter explaining the new message system that our school has subscribed with.

All the school families are entered into the system with their home telephone number listed as their contact. With this system, parents can expand their contact list through Internet registration. Because you have asked to receive the home communications by paper, we are presuming that you do not have easy Internet access to expand your contact list. If you would like more contacts entered, use this form to indicate to what additional phones you would like messages to be sent, and then send the form to the school office.

IHM-St. Casimir Staff

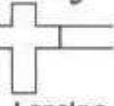

Honeywell Instant Alert Contact Information

Family Name: _____
